## Who we are.

It all started when we needed a distraction from our full time jobs. You know, sitting all day in front of your computer is not that satisfying. We searched for something nice to do that would allow us to use our hands and actually see the fruits of our labor firsthand. We both are quite handy and were quickly drawn to woodworking as our new hobby. Since then, our hobby has blossomed into the business of our dreams.

# What we do.

Why sacrifice form for function? At Atlanta Custom Tables, our mission is to handcraft one-of-a-kind wooden furniture pieces that are strong, practical, and beautiful. We utilize high-quality wood, live edge slabs, and eco-friendly epoxy resins to create pieces that are as unique as the customers they're made for. Each piece is designed, built, and finished by our own hands in our 15,000 square foot Atlanta warehouse.

## Atlanta Custom Tables offers businesses...

- ✓ Conference Tables
- ✓ Desks & Workspaces
- ✓ Entry Tables & Benches
- ✓ Shelving
- ✓ Break Room Tables
- ✓ Table Repair Services

## Why choose us.

Tables are the centerpieces of any room. A table might be a place to hold meetings, work on important projects, or have midday meals. It may be your or your employees' home away from home or greet your clientele when they visit your office. We want you to have a table that fulfills your unique needs, down to the size, type of wood, shape, finish, and height. It's our privilege to put our world-class skills and experience to work for you and your business.

# What our clients say.

“Bruce and I are extremely grateful for all the countless hours Daniel, Fredi, and Lizz devoted to our new table and benches. Each piece is absolutely exquisite and creates a “Wow!” factor in our dining room! I’ve wanted a love edge table for a long time but never knew where to find one until I found Atlanta Tables. Daniel and Fredi have built an amazing business with their artistic skills and expertise. We just can’t thank them enough for sharing their talent! Our family will enjoy lasting memories around our new table for years to come!”

**-Donna & Bruce**

“I’m absolutely in love with my Brussels coffee table! Daniel worked with me step by step to ensure the table was exactly like we wanted. It holds a special place for us since we visited and fell in love with Brussels. We’re so excited to have our table as the centerpiece in our living room.”

**-Elizabeth**

“Atlanta Tables sent me frequent updates so I could see my table coming into existence. It was gorgeous to see the table come to life from a weathered piece of wood to my own dream table.”

**-Samantha**

# Custom furniture design process.

## 1. Decide what size you'd like.

Are you creating a table? Bench? Desk? Decide what size your project is! Size will influence pricing as well as which slabs are available to you.

## 2. Choose your wood.

We have hundreds of locally sourced slabs to choose from in several different species of wood! You can come pick exactly which slabs you'd like to use at our warehouse or we can send you photos of options.

## 3. Pick your epoxy color.

We can fill the knots and cracks in your wood with colorful (or clear!) epoxy. Choose one or more colors as a subtle accent or create a larger river or lake for a real WOW factor.

#### **4. Help pour your epoxy.**

Be part of the process! If you'd like to help pour your own table and tell your friends, "I helped make that!" just let us know and we'll let you borrow an apron.

#### **5. Choose your legs.**

Wood, steel, hairpin, pedestal, farmhouse style? We have lots of different options for the base of your table or other furniture piece. From coffee tables to bars to benches, we've got you covered!

#### **6. Enjoy your new furniture!**

We'll sand, finish, and assemble your table. You can pick it up or have it delivered, then sit back, relax, and enjoy your new work of art!

Our work.
